

HOW DO I CHECK MY RESIDENCY CLASSIFICATION FOR TUITION PURPOSES?

This information is located in your **Student Center**.

If your residency is classified as “Out of State,” you will be charged nonresident tuition fees when you register for classes. If you believe you qualify for “In State” residency classification, you may complete the **NSHE RESIDENCY FORM (PDF)** on the **Office of the Registrar’s** webpage: <https://nevadastate.edu/registrar/residency/>

- 1) From your **Student Center**, click on **DEMOGRAPHIC DATA** in the **Personal Information** section.

The screenshot shows the Student Center interface for Speedy Scorpion. The 'Personal Information' section is expanded, and 'Demographic Data' is highlighted with a red box and a red arrow pointing to it. Other sections visible include Academics, Finances, and Admissions.

- 2) Under **RESIDENCY STATUS**, be sure to view the correct **Institution** and **Effective Term**.

The screenshot shows the 'Demographic Data' window. The 'Residency Status' table is highlighted with a red box and a red arrow pointing to the row for 'NSC In State' with an effective term of '2023 Summer'.

Institution	Status	Exception	Effective Term
CSN	In State		2015 Spring
NSC	In State		2023 Summer
